## Rules for garbage disposal

Please take out your garbage only at the **designated time of the day** to the **designated place**.

- Combustible garbage
- Non-combustible garbage
- Plastic resources
- Aluminum cans
- Steel cans

Use the **designated bags** for the above types of garbage.

Please write **your name** (first and family name) and **telephone number** on the bag.

## Uncollectible garbage

### Four types of home electrical appliances

TV, Air conditioner, Refrigerator/Freezer, Washing machine/Laundry dryer

### \*How to dispose of the home electrical appliances

Ask the store (where you bought the appliance or where you buy a new appliance) to take the old appliance. (The recycling fee must be paid out-of-pocket)

Recycling ticket issuance place

Please ask the post office or Enakogyou Co., Ltd.

### Agricultural materials

- Mulching film
- Container
- Plastic film
- Vinyl sheet
- Empty pesticide containers, etc.

Please contact JA Minami Shinshu Achi Shisho Einouka for any questions.

## Recyclable garbage

Cans are collected by separating into the aluminum and the steel.

### Aluminum cans

Put the cans with this mark in the "Designated bag for aluminum cans" for disposal.

- Soiled cans may not be recycled.

Don't put anything in the can.

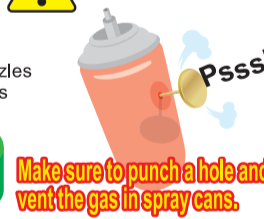

Rinse inside the can before putting into the designated bag.

### Steel cans

Items with this mark

Put the cans with this mark in the "Designated bag for steel cans" for disposal.

Remove the nozzles and caps.

Make sure to punch a hole and vent the gas in spray cans.

## Bottles

Sort the bottles into "colorless", "brown" and "others" (black, green, red, etc.) before putting into the container at the garbage collection site.

Use a recycling service contractor to dispose of beer bottles and Kikusui bottles.

- Soiled bottles may not be recycled.

Rinse and dry inside the bottle before disposal.

Remove the ring attached to energy drink, etc.

## Metals

Collect metal items in a bag and attach a metal shipping tag.

Take the metal garbage bag with an attached metal shipping tag to the garbage collection site (Revenue stamp is not required).

Metals, iron scraps, pots and pans

● Reflective kerosene heater

Also take advantage of the free-of-charge metal collection service, provided four times a year on the small electrical appliance collection day.

## Oversized garbage

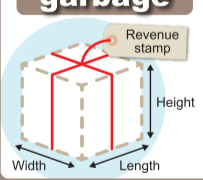

Put a local revenue stamp on the shipping tag to dispose of thermos pots and bike with tires, etc.

※ For item with the total of length, width and height is less than 150cm

Put a revenue stamp worth 500 yen.

※ For item with the total of length, width and height is less than 250cm

Put a revenue stamp worth 1,000 yen.

## Fluorescent tube

Put fluorescent tubes in a collection box at the designated place.

\*Broken fluorescent tubes must be put in a bag for disposal.

\*Unbroken fluorescent tubes can be disposed of as it is.

\*LED bulbs must be disposed of as landfill.

## Combustible garbage

Paper, food waste, vinyl chloride and leather items.

Drain excess liquid from food waste before disposal.

## Dry-cell

Manganese cells and alkaline cells are collected as needed at a collection site.

Put dry-cells in a dry-cell collection box at the collection site.

Nickel-cadmium rechargeable batteries and nickel-metal hydride batteries are not collectible. Please put them in a battery collection box at a retail store.

Place Mercury thermometers and lighters at collection point.

## Paper container/package

Put paper container/package with this mark in a blue collection box at a collection site.

Paper container/package are collected as needed at a collection site.

● The collected paper is recycled and reused.

■ The following items are uncollectible.

- Magazines ● Envelopes ● Calendar
- Cardboard (beer boxes, orange boxes, etc.)

Use a recycling service contractor for disposal.

- Bathroom tissue tubes
- Plastic wrap tubes

To combustible garbage

## Milk carton

Milk/juice cartons with identification mark are collected as needed at a store.

● Dispose of cartons with silver interior as "Paper container/package".

## Komaba Recycling Station

- PET bottles
- Cardboard
- Dry-cell, ink cartridge
- Paper container/package
- Magazines/newspaper

The above recycling items are collected at this station. \*There are separate containers for each item. Make sure to put the item in the applicable container.

\*Cardboard, magazines/newspaper are also collected in the resource recovery service.

## Landfill (non-combustible garbage such as glasses)

Glasses, ceramics, small metal scraps

### Note

Please put small metal scraps in a separate plastic bag before putting in a designated bag along with glasses and ceramics.

## Incinerated ashes

Coal ashes, biomass ashes and wood stove incinerated ashes

Coal ashes, biomass ashes and wood stove incinerated ashes must be put in a designated bag for non-combustible garbage (printed in black) with an attachment of local revenue stamp for incinerated ashes (240 yen).

## PET bottles

Put PET bottles with this mark in a blue net at a collection site.

- Rinse inside the bottle and remove the label and cap for disposal.
- Dispose of oil bottles as "Plastic resources".
- Dispose of soiled bottles as "Combustible garbage".

① Remove the cap and label.

② Rinse inside the bottle.

③ Dry inside the bottle.

## White trays

White trays are collected as needed at a store.

● Dispose of colored/patterned trays as "Plastic resources".

Please take out all the garbage **before 8 a.m.**

The garbage bags taken out after 8 a.m. will not be collected by the garbage collector. **Please be punctual.**

### Combustible garbage

**Every week Tuesdays and Fridays**

- \*The 2nd and 4th Fridays/Nakao, Kita-aomi, and Minami-aomi districts
- \*The 2nd and 4th Wednesday/ Yokokawa district
- \*The garbage is collected on holidays.
- \*The garbage is not collected between December 30 and January 3.

### Plastic resources

A mix of plastic container/package and other plastic products are collected for recycling.

### The 2nd and 4th Wednesdays

- Remove soil before putting the plastic products in a bag. If the soil is unremovable, then dispose of the plastic products as "Combustible garbage".
- Remove metal parts on the plastic products before disposal.

The garbage sorting application for smartphone, "3R" is available to use for your convenience.
